

**In The Claims:**

Please amend the claims as follows:

Claim 1 (currently amended) A ~~drinkable~~ tea for ~~therapy of~~ treating dermatitis, ~~characterized in that it contains~~ comprising: extracts ~~drawn~~ obtained from ~~Lightyellow Sophora Root~~ lightyellow sophora root (sophora flavescens ait.), and ~~Isatis-Leaf~~ isatis leaf (isatis tinctoria L.).

Claim 2 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim 1~~  
+ The tea for treating dermatitis according to claim 1 ~~characterized in that an~~ further comprising at  
least one auxiliary material is added to said extracts ~~drawn~~ obtained from ~~Lightyellow Sophora Root~~ lightyellow sophora root (sophora flavescens ait.), and ~~Isatis-Leaf~~ isatis leaf (isatis tinctoria L.).

Claim 3 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim 1~~  
+ The tea for treating dermatitis according to claim 2, ~~characterized in that~~ wherein said auxiliary material contains extracts ~~drawn~~ obtained from one, two or more medicinal herbs selected from the group consisting of ~~Japanese Angelica Root~~ Japanese angelica root (angelica sinensis (olive) diels.), ~~Oldenlandia diffusa~~ oldenlandia diffusa (oldenlandia diffusa roxb.), ~~Smilax Glabra~~ smilax glabra (smilax glabra roxb.), ~~Dried Tangerine Peel~~ dried tangerine peel (citrus reticulate blanco.), ~~Wild Chrysanthemum Flower~~ wild chrysanthemum flower (chrysanthemum indicum L.), ~~Corydalis~~ corydalis (corydalis bulosa DC.), ~~Peppermint~~ peppermint (menthe arvensis L.), ~~Baikal~~

~~Skulleap~~ baikal skullcap (scutellaria baicalensis georgi.), ~~Lithospermum~~ lithospermum (lithospermum erythrozoon sieb. et Zucc.), ~~Kudingcha~~ kudingcha (kudingcha), ~~Smartweed~~ smartweed (polygonum cuspidatum Sieb. et Zucc.), and ~~Licorice~~ licorice (glycyrrhiza uralensis Fisch.).

Claim 4 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim 1~~  
~~1 The tea for treating dermatitis according to claim 1, characterized in that wherein said extracts~~  
~~drawn from Lightyellow Sophora Root and Isatis Leaf, and the weight ratios of the extracts drawn~~  
~~obtained from Lightyellow Sophora Root~~ lightyellow sophora root and ~~Isatis Leaf~~ isatis leaf to the  
entire weight of the extracts are 41 to 50% of ~~Lightyellow Sophora Root~~ lightyellow sophora root  
 and 41 to 50% of ~~Isatis Leaf~~ isatis leaf.

Claim 5 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim~~  
~~4 The tea for treating dermatitis according to claim 4, characterized in that wherein the weight ratio~~  
~~ratios of said extracts drawn~~ obtained from Lightyellow Sophora Root lightyellow sophora root  
 and ~~Isatis Leaf~~ isatis leaf and the auxiliary material in said ~~drinkable tea~~ to the tea is are 18 to 25% :  
and 75 to 82%, respectively.

Claim 6 (currently amended and withdrawn) ~~The drinkable tea for therapy of dermatitis~~  
~~described in claim 5~~ The tea for treating dermatitis according to claim 5, characterized in that  
wherein said drinkable tea is in the form of liquid.

Claim 7 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim~~  
~~5 The tea for treating dermatitis according to claim 5, characterized in that wherein~~ said drinkable  
tea is in the form of powder or granule.

Claim 8 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim~~  
~~7 The tea for treating dermatitis according to claim 7, characterized in that wherein~~ the weights of  
extract ingredients ~~drawn~~ obtained from respective medicinal herbs per g gram (g) of a ~~drinkable~~  
tea are: ~~Lightyellow Sophora Root~~ lightyellow sophora root, 0.09 to 0.11 g; and ~~Isatis Leaf~~ isatis  
leaf, 0.09 to 0.11 g; and the weights of said auxiliary material are: ~~Japanese Angelica Root~~  
Japanese angelica root, 0.045 to 0.055 g; ~~Oldenlandia diffusa~~ oldenlandia diffusa, 0.09 to 0.11g;  
~~Smilax Glabra~~ smilax glabra, 0.108 to 0.132 g; ~~Dried Tangerine Peel~~ dried tangerine peel, 0.045 to  
0.055 g; ~~Wild Chrysanthemum Flower~~ wild chrysanthemum flower, 0.09 to 0.11 g; ~~Corydalis~~  
corydalis, 0.018 to 0.022 g; ~~Peppermint~~ peppermint, 0.09 to 0.11 g; ~~Baikal Skullcap~~ baikal  
skullcap, 0.045 to 0.055 g; ~~Lighospermum~~, 0.09 to 0.11g 0.009 to 0.011 g; ~~Kudingcha~~ kudingcha,  
0.045 to 0.055g; ~~Smartweed~~ smartweed, 0.09 to 0.11g; and Lucorice, ~~0.0273~~ 0.027 to 0.033 g.

Claim 9 (currently amended) ~~The drinkable tea for therapy of dermatitis described in claim~~  
~~8 The tea for treating dermatitis according to claim 8, characterized in that wherein~~ the weights of  
extract ingredients ~~drawn~~ obtained from respective medicinal herbs per g gram (g) of a ~~drinkable~~  
tea are: ~~Lightyellow Sophora Root~~ lightyellow sophora root, 0.1 g; and ~~Isatis Leaf~~ isatis leaf, 0.1 g;  
and the weights of said auxiliary material are: ~~Japanese Angelica Root~~ Japanese angelica root,

0.05g; ~~Oldenlandia diffusa~~ oldenlandia diffusa, 0.1 g; ~~Smilax Glabra~~ smilax glabra, 0.12 g; ~~Dried Tangerine Peel~~ dried tangerine peel, 0.05 g; ~~Wild Chrysanthemum Flower~~ wild chrysanthemum flower, 0.1 g; ~~Corydalis~~ corydalis, 0.02 g; ~~Peppermint~~ peppermint, 0.01 g; ~~Baikal Skullcap~~ baikal skullcap, 0.05g; ~~Lithospermum~~ lithospermum, 0.1 g; ~~Kudingcha~~ kudingcha, 0.05 g grams; ~~Smartweed~~ smartweed, 0. 1 g; and ~~Licorice~~ licorice, 0.03 g.

**Claims 10-13 (canceled)**

Claim 14 (new) The tea for treating dermatitis according to claim 3, wherein said auxiliary material contains extracts are obtained from medicinal herbs comprising Japanese angelica root, oldenlandia diffusa, smilax glabra, dried tangerine peel, wild chrysanthemum flower, corydalis, peppermint, baikal skullcap, lithospermum, kudingcha, smartweed, and licorice.
